Getting started with Acrobat viewer in Google Chrome

If you have installed Acrobat Reader, you'll receive the new viewer option the next time you open a PDF in Chrome. To get started with Acrobat in Chrome, do the following:

1 Click to open a sample PDF: **Sample PDF**

2 Click **Set as default**, and the new Acrobat experience will be enabled for you in Chrome.

Try compress and convert tools

Make your PDFs smaller. Convert PDFs to Microsoft Office or image formats. You can try these right from Chrome

Not Now **Set as Default**
